

## TENNESSEE VALLEY AUTHORITY

### Agency Information Collection Activities: Information Collection Renewal with Minor Modifications; Comment Request

**AGENCY:** Tennessee Valley Authority (TVA).

**ACTION:** 60-Day notice of submission of information collection renewal approval with minor modifications and request for comments.

**SUMMARY:** Pursuant to the Paperwork Reduction Act of 1995, the Tennessee Valley Authority (TVA) will be requesting from the Office of Management and Budget (OMB) renewal, with minor modifications, of TVA's Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery. This generic clearance will fast-track the process for TVA to seek feedback and input from the public, through surveys and other instruments, regarding TVA services and programs as well as community needs and concerns. The clearance will also allow the collection of registration information for public forums, events, and other opportunities for public engagement.

**DATES:** Comments should be sent to the Public Information Collection Clearance Officer no later than [INSERT DATE 60 DAYS FROM DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** Requests for information, including copies of the information collection proposed and supporting documentation, should be directed to the Public Information Collection Clearance Officer: Jennifer A. Wilds, Specialist, Records Compliance, Tennessee Valley Authority, 400 W Summit Hill Dr., CLK-320, Knoxville, Tennessee 37902-1401; telephone (865) 632-6580 or by email at [pra@tva.gov](mailto:pra@tva.gov).

Abstract: Renewal of this information collection will enable TVA to obtain qualitative customer and stakeholder feedback and input in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery and enable the public to register for public forums, events, and other opportunities. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback and input will provide TVA with insights into customer or stakeholder perceptions, experiences, and expectations; help TVA quickly identify actual or potential problems with how the agency provides services to the public; or focus attention on areas where communication, training, or changes in operations might improve TVA's delivery of its products or services; and engage the public on community needs and concerns to guide the direction of new products and services. These collections will allow for ongoing, collaborative, and actionable

communications between TVA and its customers and stakeholders. It will also allow feedback and input to contribute directly to the improvement of program management. TVA will solicit feedback and input in areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, resolution of issues with service delivery, impacts of events, community needs and concerns, and interest in new programs and services. TVA will use the responses to plan and inform its efforts to improve or maintain the quality of service and programs offered to the public and chart the direction of new programs and offerings. TVA will use the registration information for logistical planning for public events, required access control to government property, and connection to service and program offerings. If this information is not collected, TVA will not have access to vital feedback and input from customers and stakeholders about the agency's services and programs and the public will not have access to TVA-sponsored events, programs, or services. TVA will only submit an information collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- The collections are targeted to the solicitation of feedback and input from respondents who have experience with the program or who may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and will not be retained beyond the immediate need;
- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency (if released, TVA will indicate the qualitative nature of the information);
- Information gathered will not be used for the purpose of substantially

informing influential policy decisions; and • Information gathered will yield qualitative information, and the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study. Feedback collected under this generic clearance provides useful information, but will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.
